## WHO AM I?

Hi, you can call me Kev. I am working as a creative front-end developer on a digital agency here in Jeddah, Saudi Arabia. My main responsibility is to design and develop a creative & modern website

## EXPERIENCE

### **Brund, Saudi Arabia** – Senior Front-end Web Developer (Current)

NOV 2017 – JUN 2019

- Startup creative agency in Jeddah, KSA. I worked as a Front-end web developer, thus requiring me to meet with the clients for project briefing, and pit stops. This position helps me improve my confidence to deal, plan, track and collaborate with clients. It was mandatory for me to use WordPress as our main CMS tool because it helps us deliver jobs fast with quality assurance.

### **Nove Creatives, Australia** – Front-end Web Developer (Remotely)

Jan 2020 – Sept (2020)

- A Digital Agency based in the USA, I worked here as a senior web designer and developer, My main tasks are to provide a fresh and modern look website to our clients who are mainly based in Australia, Our main targets are Small to medium businesses.

### **Incomestore INC., USA** – Front-end Web Developer (Remotely)

July 2019 – Dec 2019

- A Digital Agency based in the USA, their objective is to help small to medium enterprise websites generate more leads, sales, and revenue. My main responsibility is to create an interactive infographic website page. From Adobe XD then code it Using HTML, CSS, and Javascript.

**Block Studio, Saudi Arabia** – *Senior Front-end Web Developer(Freelance)*

NOV 2017 – JUN 2019

- Startup creative agency in Jeddah, KSA. I worked as a Front-end web developer, thus requiring me to meet with the clients for project briefing, and pit stops. This position helps me improve my confidence to deal, plan, track and collaborate with clients. It was mandatory for me to use WordPress as our main CMS tool because it helps us deliver jobs fast with quality assurance.
